Quiet Dedication to Natural, Handcrafted Goodness

At **TheQuietCrumbs**, we've learned that good sourdough cannot be rushed. In a world of endless deadlines and hectic schedules, our story starts in the quiet moments after nightfall, when the frenzy of the day settles into a slower tempo. In this momentary reprieve, a woman dedicated to improving her *crumb* spent hours on end studying her sourdough starters. It took more than a few months of experimenting and countless feedback loops to finally decipher the fickle, temperamental and unhurried nature of wild yeast.

Fermented with this quiet dedication, our sourdough focaccia embodies our unwavering promise of quality derived only from the natural passage of time. In a world that often seeks shortcuts to efficiency above all else, let our sourdough focaccia be your reminder that the good things are worth slowing down for.

"Made with 100% sourdough starter. Slowly fermented over 72 hours. Freshly baked-to-order. No industrial yeasts, no additives, no shortcuts."

OUR STORY

The Craft of Slow Baking

At **The Quiet Crumbs**, we believe that bread shouldn't be rushed. Born out of a deep passion for natural fermentation, every single loaf and focaccia starts with our active sourdough culture, wild yeast, and high-quality flour.

We ferment our dough slowly for up to 72 hours. This natural process breaks down gluten and yields a deeper, more complex flavor profile with that signature sourdough tang and caramelized crust. No industrial yeasts, no additives, no shortcuts.

"Baked in very limited batches, our bakes are exclusive and highly sought after, shared directly with local food enthusiasts via Instagram."

Our Specialties

Our Sourdough Focaccia

Thick slabs of airy, pillowy dough bathed in olive oil, lovingly dimpled by hand and baked to a deep golden crisp. Select from our signature specialty flavours:

Chilli Cheddar Crunch Focaccia

Crowd favourite. Sharp, aged cheddar cheese paired with the popular Lao Gan Ma chilli sauce. For the ones who crave the heat.

Sun-dried Tomato & Olives Focaccia

A Mediterranean take on our classic focaccia. Sweet, tart fruity tomatoes against salty, briny olives - think pizza, but focaccia.

Fragrant, caramelised, melt-in-the-mouth garlic. You either love it or you hate it. In our experience, it's mostly the former.

Truffle Mozzarella Focaccia

Indulgent mozzarella balls melted into the dimpled crust, finished with a luxurious drizzle of aromatic Italian truffle oil. Complex, umami, intense.
